Yuji YOSHINO

(∗ : Managing Editor)

Each volume consists of two numbers, and each number which contains about 100 pages will appear semi-annually.
According to circumstances, there are some cases where one volume containing about 200 pages appears annually.

Information for authors

Submission of Manuscripts

(1) Articles on pure and applied mathematics intended for publication in *Mathematical Journal of Okayama University* should be written in English.
(2) Only original papers not yet published and not simultaneously submitted for publication elsewhere will be accepted.
(3) Electronically prepared manuscripts in printable files (dvi or pdf) can be sent via e-mail to:

`journal@math.okayama-u.ac.jp`

(4) Electronic submission in LaTeX style is preferred. If you are unable to submit your manuscript electronically, you should send two hard copies to the Editorial Office of Mathematical Journal of Okayama University, Department of Mathematics, Okayama University, Okayama 700-8530, Japan.
(5) After acceptance for publication, authors will be requested to send a LaTeX file coded with the style file "jokayama.cls" which (together with all necessary additional information on how to use the style sheet) is available at our homepage:

`http://www.math.okayama-u.ac.jp/mjou/`.

Proofs

Authors will receive page proofs, preferably by e-mail in PDF format. Corrections should be confined to typographical errors. Authors will be charged for excessive corrections. Please correct your galley proofs and return them within 14 days together with the signed copyright agreement.

Reprints

The corresponding author will receive 50 hardcopy reprints free of charge, this number to be shared between joint authors.
